BRAND GUIDELINES

Dispensary Intelligence — Design System v1.0

Who We Are

CannaSaaS is the affordable, compliance-first dispensary management platform purpose-built for independent cannabis retailers in NY, NJ, and CT.

We exist to give small operators (1–5 locations) the same powerful tools that big chains use — point of sale, inventory, Metrc compliance, online ordering, and analytics — at a price that makes sense.

Our brand must communicate: trust, professionalism, modern technology, regulatory expertise, and approachable pricing. We are NOT stoner culture. We are enterprise-grade SaaS for serious business owners in a regulated industry.

Brand Pillars

Compliance-First

Every feature validates against state regulations. Trust is earned through accuracy.

Operator Empathy

Built by people who understand the pressure of running a small regulated business.

Modern & Clean

Our UI and brand feel like premium SaaS, not a dispensary cliché.

Accessible Value

Enterprise power at indie prices. No per-transaction fees, no gotchas.

BRAND TAGLINE

Dispensary Intelligence

Alternate taglines: "Compliance. Commerce. Clarity." · "Run your dispensary, not your paperwork."

Logo Anatomy

The CannaSaaS logo comprises two elements: the Icon Mark and the Wordmark. They can be used together (lockup) or independently, following the rules below.
